

Rockwell Parts

Rockwell Part - AxleTech International is a premier provider in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working in an environment that encourages the utmost integrity with empowered collaboration, combined with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious company and providing a safe surroundings for their workers to work in. Moreover, they have applied various programs within the company to be able to help articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are glad to share and promote this policy with a greater understanding of their efforts. They are extremely dedicated to improving and preserving the surroundings. AxleTech has an EHS program that not only protects the environment but which even actively protects their neighbors and staff too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both military and commercial applications. These applications range from construction equipment to airport ground support. AxleTech specially designs axles to be able to meet specific application demands. They have more than one thousand various axle specs in their current offering. With more than one hundred years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in many commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have extra details that can be found in the "ISAS" product selection.
